## HELP FOR UKRAINE

We, the ETP S.A. Capital Group, wish to join in the current movement to provide essential aid to Ukrainian refugees arriving in Poland. We intend to do this through the Polish Scouting and Guiding Association (Chorągiew Krakowska ZHP) which is one of the main coordinators of activities based at Krakow's main Railway station.

We plan to:

- organise the long-term purchase of food and other essential items following guidelines stipulated by the coordinating authorities at the station
- provide storage facilities on the premises of NAFTAO Sp. z o.o.
- provide transport of all purchased goods to the station in accordance with the current needs.

We appreciate that there are many ways to assist but as ETP S.A. Capital Group we agreed to adopt a 'hands-on' practical approach.

Our contribution would:

- target specific areas of need
- ensure the success in getting aid to those most in need
- ensure success in providing the provision of items of most practical use
- reflect, wherever possible, the utilisation of our own resources.

## YOU CAN HELP TOO!!!
